IMPORTANT VISA INFORMATION

VISA REQUIREMENTS FOR TURKMENISTAN

All international participants travelling to Turkmenistan are required to obtain a visa.

Under the new visa regulations, Turkmenistan has introduced an electronic visa (e-Visa) system, replacing the previous procedure of issuing Visa Invitation Letters (VIL) followed by a visa stamp in the passport.

Please note that the electronic visa is now subject to a fee of \$40 USD per person, payable individually by each participant as part of the online e-Visa application process.

Participants cannot apply for an e-Visa independently, as an official invitation from the relevant Ministry of Turkmenistan is still required.

The Organizing Committee will coordinate the visa application process and provide visa support for all registered conference participants.

APPLYING FOR AN ELECTRONIC VISA (E-VISA)

REQUIRED DOCUMENTS

To initiate the e-Visa application process, participants must submit the following documents to the Organizing Committee:

1. Completed visa application form.
2. A clear scanned colour copy of the passport (personal information page). The passport must remain valid for at least six (6) months beyond the planned departure date from Turkmenistan.
3. One recent passport-sized colour photograph.
4. Pakistani citizens must provide a valid polio (poliomyelitis) vaccination certificate.
5. Provisional hotel reservation.

VISA APPLICATION PROCESS

Upon receipt of the completed application form and supporting documents, the Organizing Committee will forward the application to the relevant Ministry of Turkmenistan.

The Ministry will submit the application to the State Migration Service of Turkmenistan through its official channels.

Once the application has been processed by the relevant authorities, **each participant will receive an individual email containing a link to complete the online e-Visa verification procedure.**

COMPLETING YOUR ONLINE E-VISA APPLICATION

After receiving the email from the State Migration Service, participants must complete the online e-Visa verification and payment procedure.

Participants will receive an email notification followed by their electronic visa at the registered email address.

Once issued, the e-Visa must be printed and carried together with the original passport when travelling to Turkmenistan.

A visa sticker or stamp in the passport is no longer required under the new e-Visa procedure.

REGISTRATION WITH THE OVIR MIGRATION SERVICE

Visitors staying in Turkmenistan for more than 72 hours must register with the local migration authorities (OVIR) within 72 hours of arrival. The day of arrival is not counted towards the 72-hour period. Weekends (Saturday and Sunday) are excluded from the calculation.

The Organizing Committee will coordinate OVIR registration for conference delegates whose electronic visa applications have been processed through the Organizing Committee and the relevant Ministry.

Registration will be handled by the appointed Ministry, and delegates will not be required to submit additional documents.
